

## Join us for Water Wise Workshops 2011

A series of free, hands-on, waterside workshops for children ages 6 to 10

Thursday, July 14

### **Your Watershed and the Water Cycle:**

Build a watershed and see how it works!

Thursday, July 21

### **Water Plants, Animals and Bugs:**

Discover the plants and animals that live in the water and learn how you can protect them. Identify water bugs and learn the secret of how they can tell us about water quality.

Thursday, July 28

### **Water Testing and Conservation:**

Test water quality and learn how to protect it.

Thursday, August 4

**Water Wise Photography:** Learn how to photograph our wonderful water-world.

Thursday, August 11

**Water Wise Wizards:** Put together all you have learned during the Water Wise Workshops, you "magically" become a steward of your environment.

**Water Wisdom  
A Drop at a Time**

**Time:** 9:00 - 11:00 a.m.

**Location:** Marlborough, Memorial Beach on Hosmer Street

- o From Marlborough: Hosmer Street is off of East Main Street, Rt. 20
- o From Hudson: Hosmer Street is off Brook Street coming from Main Street, just east of the Rt. 62 turnoff.
- o Park in the main parking lot (free for participants.)
- o Walk along the path to the main entrance.

**Registration required:** call the OARS office at 978-369-3956

Children should be dressed for walking in shallow water.

Parents are requested to stay throughout the workshops and are encouraged to bring lawn chairs.

Bad weather cancellations will be on the OARS telephone answering machine by 8 a.m.
