

# Water Wise Workshops

14<sup>th</sup> Season

A series of free, hands-on, waterside workshops for children ages 6 to 10.

July 12

**Your Watershed and the Water Cycle:** Build a watershed and see how it works!

July 19

**Water Plants and Animals:** Discover the plants and animals that live in the water and learn how you can protect them.

July 26

**Water Bugs Mystery:** Discover and identify water bugs and learn the secret of how they can tell us about water quality.

August 2

**Water Wise Photography:** Learn how to photograph our wonderful water-world.

August 9

**Water Testing and Conservation:** Test water quality and learn how to protect it.

August 16

**Water Wise Wizards:** Putting together all you have learned during the Water Wise Workshops, you “magically” become a steward of your environment.

**Day and Location:** Wednesdays (10 - noon): Westborough, Lake Chauncy

**More information:** [www.oars3rivers.org](http://www.oars3rivers.org)

**Registration required:** call OARS at 978-369-3956 or email [office@oars3rivers.org](mailto:office@oars3rivers.org)

Children should be dressed for walking in shallow water!

Parents are requested to stay throughout the workshops and are encouraged to bring lawn chairs!
